NAME OF PROJECT:	The Women of the Great Barrier Reef: Untold Stories of Environmental Conservation in Queensland
COMPILED BY:	Deb Anderson and Kerrie Foxwell-Norton
DATE COMPILED:	8/5/2022
PROJECT DESCRIPTION:	This project, supported by the 2020 John Oxley Library Fellowship, will highlight the significant roles women have played in the conservation of the Great Barrier Reef in Queensland. By learning from, and adding to, the collection of original materials held within the John Oxley Library, the project seeks to discover and share the untold stories of women from all walks of life who have advanced our knowledge of the Reef and championed its value to Australians and beyond.

Please complete the below table with a list of resources utilized in your fellowship project. Please complete as many of the columns as possible.
