Copyright information for teachers

This research guide is designed for individual use by students studying The Australian Curriculum: History.

Please note, due to licensing arrangements, State Library's subscription databases and eBooks are for private research and study purposes only. They may not be used as teaching resources in classroom environments in schools or other educational institutions and students must not be required to access specific databases or eBooks as part of the curriculum.

Teachers can advise students on State Library's resources and encourage their use to help with their studies and research. Students are encouraged to access State Library's resources at school, but not during class time.

Teachers are most welcome to advise students what is available via State Library, and to encourage students to make use of eBooks and databases to help with their studies. It is permissible for a teacher to demonstrate the use of State Library's catalogue, and to point out how various online material can be accessed.

It is also permissible for students to access State Library's online resources at school – but this must not be during class time. An example of permitted use might be where students have a spare period when they work on assignments or homework, and they are accessing databases as private members of State Library. Information about joining State Library is [here](#).

Please also note that State Library has digitised a range of material such as diaries, and out of copyright publications held in our collections. There are no restrictions on the use of this material as part of a teaching program – and no requirement to be a member of the library to use this material. This type of material can easily be found, [searching State Library's One Search catalogue](#) using the "SLQ digitised collections" option in the dropdown menu.

The Oxford Companion to Australian Politics

Edited by: Brian Galligan and Winsome Roberts

The Oxford Companion to Australian Politics is the first scholarly and comprehensive account of Australian political life and thought that gives attention to all aspects of national politics and to Australian politics in regional, international and global contexts. It also takes full account of the colonial origins of Australian politics and includes entries on indigenous politics, frontier politics and settler societies.

Over 400 specially commissioned entries cover such topics as biographies, key events, policy issues, colonial origins, indigenous politics, organisations and institutions, settler societies and frontier politics. Individual entries vary in length, from longer interpretive essays of 4,000 words commissioned from acknowledged experts in particular fields - of the kind used in *The Oxford Companion to Politics of the World* - to shorter, more factual entries. This Companion is an essential reference source for those teaching or studying Australian politics and culture, as well as the general reader with an interest in Australian and/or world affairs.
