Stage 2 – Roadmap to easing of restrictions

From midday on Monday 1 June 2020, gatherings of up to 20 people are allowed under Stage 2 of the government's [Roadmap to easing Queensland's restrictions](#).

While changes come into effect from midday today, it may take businesses some time to get ready to open or adjust to the eased restrictions. State Library is working towards increasing client limits in the Infozone - we will keep you informed of any changes to our services.

Passwords

ICT Services are currently assessing solutions to enable notification of pending password expiry to staff working remotely. In the interim, we recommend you reset your password on regular basis, particularly if you have not done so in the last 90 days.

ICTS have a service to help you reset your password via RDWeb. Please follow the instructions [here](#).

Note - this service will not work if your password has already expired, and you will need to contact the ICT Service Desk, to have it reset.
