Copyright information for teachers

This research guide is designed for individual use by students.

Please note, due to licensing arrangements, State Library of Queensland's subscription databases and ebooks are for private research and study purposes only. They may not be used as teaching resources in classroom environments in schools or other educational institutions and students must not be required to access specific databases or ebooks as part of the curriculum.

Teachers can advise students on State Library's resources and encourage their use to help with their studies and research. Students are encouraged to access State Library's resources at school, but not during class time.

Teachers are most welcome to advise students what is available via State Library, and to encourage students to make use of ebooks and databases to help with their studies. It is permissible for a teacher to demonstrate the use of State Library's catalogue, and to point out how various online material can be accessed.

It is also permissible for students to access State Library's online resources at school – but this must not be during class time. An example of permitted use might be where students have a spare period when they work on assignments or homework, and they are accessing databases as private members of State Library. Information about joining State Library is [here](#).

Please also note that State Library has digitised a range of material such as diaries, and out of copyright publications held in our collections. There are no restrictions on the use of this material as part of a teaching program – and no requirement to be a member of the library to use this material. This type of material can easily be found, [searching State Library's One Search catalogue](#) using the "SLQ digitised collections" option in the dropdown menu.

For more information about the use of copyright materials visit [Understanding copyright](#).

A Dictionary of Politics and International Relations in China

Chris Ogden
Over 230 entries

This new dictionary defines critical terms relating to China's politics since 1949. It comprises succinct definitions covering core political structures, ideologies, and practices, as well as individuals, groups, and concerns that are essential to them.

Covering the full spectrum of Chinese politics, authoritative and up-to-date entries include charm offensive, cybersecurity, *hukou* system, Silk Road, and United Nations Peacekeeping Operations.

Complete with useful weblinks, this new addition to the Oxford Quick Reference series is an indispensable companion for students studying Asian and international politics, as well as for professionals whose interests relate to China's expanding domestic and foreign politics.

Chris Ogden, author

Chris Ogden is Senior Lecturer in Asian Security at the University of St Andrews, where he teaches on the international relations of India and China. His research interests concern the interplay between foreign and domestic policy influences in East Asia (primarily China) and South Asia (primarily India). Chris has most recently written a monograph entitled *China and India: Asia's Emergent Great Powers* (Cambridge: Polity, 2017), a treatise on *India's National Security* (Delhi: Oxford University Press, 2017).
