Copyright information for teachers

This research guide is designed for individual use by students studying The Australian Curriculum: History.

Please note, due to licensing arrangements, State Library of Queensland's subscription databases and ebooks are for private research and study purposes only. They may not be used as teaching resources in classroom environments in schools or other educational institutions and students must not be required to access specific databases or ebooks as part of the curriculum.

Teachers can advise students on State Library's resources and encourage their use to help with their studies and research. Students are encouraged to access State Library's resources at school, but not during class time.

Teachers are most welcome to advise students what is available via State Library, and to encourage students to make use of ebooks and databases to help with their studies. It is permissible for a teacher to demonstrate the use of State Library's catalogue, and to point out how various online material can be accessed.

It is also permissible for students to access State Library's online resources at school – but this must not be during class time. An example of permitted use might be where students have a spare period when they work on assignments or homework, and they are accessing databases as private members of State Library. Information about joining State Library is [here](#).

Please also note that State Library has digitised a range of material such as diaries, and out of copyright publications held in our collections. There are no restrictions on the use of this material as part of a teaching program – and no requirement to be a member of the library to use this material. This type of material can easily be found, [searching State Library's One Search catalogue](#) using the "SLQ digitised collections" option in the dropdown menu.

For more information about the use of copyright materials visit [Understanding copyright](#).

Overview

State Library is a great place to learn about Medieval Europe and find information to complete your research-based assessments.

[State Library's One Search catalogue](#) is the gateway to an extensive suite of national and international journals, databases, ebooks, encyclopedias, newspaper archives, and collections of thousands of historical images, letters, artworks, diaries and artefacts to interrogate as sources.

This guide is designed to help you discover items on Medieval Europe that you can access on site, from your school or home.

Before you get started

- [Become a member](#) of State Library of Queensland (it's free!).
- Once you have joined State Library, log in to your account in [One Search](#) so you can use the links in this research guide to access the featured collection items.
- Complete the [Student research with State Library](#) module for a guide to navigating State Library's resources. Or visit the [One Search help page](#) for tips & tricks for searching One Search.
- You can search our catalogue for [all items on Medieval Europe](#) or begin exploring by clicking on some of the featured online collection items contained in this research guide.

The Oxford Dictionary of the Middle Ages

Edited by: Robert E. Bjork

The Oxford Dictionary of the Middle Ages is an essential new reference work covering all key aspects of European history, society, and culture from 500 to 1500 A.D., as well as the Byzantine Empire, Islamic dynasties, and Asiatic peoples of the era. It is designed both for medievalists, who need a detailed and reliable reference tool, and for students and general readers seeking an accessible guide to the period. Over 800 scholars have assembled thousands of comprehensive entries, lavishly supplemented by hundreds of illustrations and dozens of maps.

The *Dictionary* provides balanced coverage of both the whole geographical extent of the European Middle Ages (including Germany and Austria, Spain and Portugal, the Low Countries, and Central and Eastern Europe, amongst many others), and of numerous major topics, from art and architecture, medicine, and law, to archaeology, ecclesiastical history, and languages and literature.
